#### An Effort to Balance Accounts.

The Warren bank cases from Mulvane were set for trial last Saturday. The defendant, W. R. Warren, and a number of witnesses had arrived in town and it only lacked a few minutes of the time for court to be called when the anticipated hearing was brought to a sudden termination. Warren was attacked on the street by John Timm, who fired one shot at him which took effect in the back. Before Timm could fire another shot Warren had him covered with his revolver and compelled him to point his weapon to the ground, until passers-by came to the rescue. W. S. Nelson and R. L. Davidson relieved the unpleasant situation and Timm was escorted to jail, while Warren was taken to a surgeon's office. The wound was examined and it was found that the ball had not penetrated but about a half inch, or at least no trace could be found deeper. The ball seems to have struck him while in a side-wise position and came near missing him. Warren left for Emporia on the evening train.

Timm was released from jail in January where he had been placed last July on a peace warrant, sworn out by Warren, having made threats on his life. At the time of the bank failure he had something over \$2,000 deposited there which he had saved up from his monthly wages and deposited there only about two hours before the bank failed. He has a running sore on his leg and is unable to work. Brooding over his misfortunes made him revengeful, hence, no doubt, the attempted murder.

#### Frisco, the popular line.

The Frisco is undoubtedly the most popular line from this territory to St. Louis, and eastern points. The special features it enjoys have contributed largely to its universal popularity. The equipments of its trains is indeed a very high order of excellence. The country traversed by it represents the very richest portions of the south and west. The road bed is unsurpassed by any line in the country. The Santa Fe evening and morning trains leaving Wellington make close connection at Wichita, and arrive in St. Louis ahead of all competitors. To the traveling public we beg leave to call attention to these facts, and when you travel eastward go via the Frisco, the popular line. Any information desired call on F. J. G. Pay, agent Santa Fe route, who will be pleased to talk with you regarding the Frisco.

#### The Creede Camp Excitement.

Creede Camp promises to become a second Leadville. The number of people going into this wonderful camp is unprecedented in the history of Colorado, except only during the Leadville excitement. It is estimated that now the townsite is located, that there will be 10,000 people in the camp by June 1. The new discovery is only reached by the Denver and Rio Grande railroad and there is no staging.
